E-CLASS	212		Body	HS/AIRSCARF - Seat heater/Air scarf system	V	V	V	V	V																												

Series	Chassis	Type1	Type2	System	DTC Analysis	DTC EraseMemory	Data Analysis	Actuation Test	ECU Information Display	A9 (Refrigerant compressor)	Acceleration of sensor rotor adaptation	Activate demo mode of exterior lights	Activate fuel pump	Activate function [Tire pressure loss warning]	Activate function tire pressure loss warning	Activate function 'Tire pressure loss warning'	Activate system SBC	Activation of fuel pump	Adaptation data clear	Adaptation data reset	Adaptation of torque converter lockup clutch	Additional battery service mode	Adjustment of headlamps via diagnosis	Adjustment of injector injection quantities	Adjustment of injector injection quantity	Adjustment of injector quantities	Adjustment on temperature of heater booster	Advance odometer	Air cushion calibration	Air filter initialization	Air filter learned values reset	Air intake turbocharging initialization	Alarm siren : Reset coding	Assignment of control modules to plug connections	ASSYST SETTING	Assyst setting adjustment	B28/2 (DPF differential pressure sensor)
E-CLASS	212		Body	Headlamp-R - Headlamp control unit	V	V	V	V	V																												
E-CLASS	212		Body	Headlamp/Headlamp-L - Headlamp control unit	V	V	V	V	V																												
E-CLASS	212		Body	EZS/EIS - Electronic ignition lock	V	V	V		V																												
E-CLASS	212		Body	CGW - Central gateway	V	V	V		V																												
E-CLASS	212		Body	AHE - Trailer recognition	V	V	V	V	V																												
E-CLASS	212		Body	AB - Airbag	V	V	V		V																												
E-CLASS	212		Information	Head-up display	V	V			V																												
E-CLASS	212		Information	AVE-H - Rear audio video unit	V	V			V																												
E-CLASS	212		Information	Drive Kit Plus - Drive kit for iPhone(R)	V	V			V																												
E-CLASS	212		Information	ZAN - Audio/COMAND display	V	V	V	V	V																												
E-CLASS	212		Information	TV - TV tuner	V	V	V		V																												
E-CLASS	212		Information	SOUND - Sound system	V	V	V	V	V																												
E-CLASS	212		Information	SGR - Radar sensors control unit	V	V	V		V																												
E-CLASS	212		Information	360' - Camera	V	V	V		V																												
E-CLASS	212		Information	MFK - Multifunction camera	V	V	V	V	V																												
E-CLASS	212		Information	RFK - Backup camera	V	V	V	V	V																												
E-CLASS	212		Information	PTS - Parktronic system	V	V	V	V	V																												
E-CLASS	212		Information	NSA - Night View Assist	V	V	V	V	V																												
E-CLASS	212		Information	NBR-RR/IRS-HRA - Right rear range radar	V	V			V																												
E-CLASS	212		Information	NBR-RF - Right front range radar	V	V			V																												
E-CLASS	212		Information	NBR-LR/IRS-HLA - Left rear range radar	V	V			V																												
E-CLASS	212		Information	NBR-LF - Left front range radar	V	V			V																												
E-CLASS	212		Information	NAV - Navigation module	V	V	V	V	V																												
E-CLASS	212		Information	MIF/UCI - Media interface	V	V	V		V																												
E-CLASS	212		Information	ICI - InCar Internet	V	V	V		V																												
E-CLASS	212		Information	IC - Instrument cluster	V	V	V	V	V																												
E-CLASS	212		Information	DVD player	V	V	V	V	V																												
E-CLASS	212		Information	DTA - Mbrace or TELEAID/GPS Box	V	V	V		V																												
E-CLASS	212		Information	D-FOR - Display in right rear passenger	V	V	V	V	V																												
E-CLASS	212		Information	D-FOL - Display in left rear passenger	V	V	V	V	V																												
E-CLASS	212		Information	DAB/SDAR - Digital/Satellite radio	V	V	V	V	V																												
E-CLASS	212		Information	CTEL/TEL - Cellular/Mobile telephone	V	V			V																												
E-CLASS	212		Information	COU [ZBE] - Audio/COMAND operating unit	V	V	V	V	V																												
E-CLASS	212		Information	AUDIO/COMAND	V	V	V	V	V																												
E-CLASS	212		Seat/Door	PSD/MSC - Sliding roof control	V	V	V	V	V																												
E-CLASS	212		Seat/Door	HKS - Tailgate control	V	V	V	V	V																												

Series	Chassis	Type1	Type2	System	DTC Analysis	DTC EraseMemory	Data Analysis	Actuation Test	ECU Information Display	A9 (Refrigerant compressor)	Acceleration of sensor rotor adaptation	Activate demo mode of exterior lights	Activate fuel pump	Activate function [Tire pressure loss warning]	Activate function tire pressure loss warning	Activate function 'Tire pressure loss warning'	Activate system SBC	Activation of fuel pump	Adaptation data clear	Adaptation data reset	Adaptation of torque converter lockup clutch	Additional battery service mode	Adjustment of headlamps via diagnosis	Adjustment of injector injection quantities	Adjustment of injector injection quantity	Adjustment of injector quantities	Adjustment on temperature of heater booster	Advance odometer	Air cushion calibration	Air filter initialization	Air filter learned values reset	Air intake turbocharging initialization	Alarm siren : Reset coding	Assignment of control modules to plug connections	ASSYST SETTING	Assyst setting adjustment	B28/2 (DPF differential pressure sensor)
E-CLASS	212		Seat/Door	ESA Front passenger - Electric seat adjustment Front passenger	V	V	V	V	V																												
E-CLASS	212		Seat/Door	ESA Driver - Electric seat adjustment Driver	V	V	V	V	V																												
E-CLASS	212		Seat/Door	DS-RF/AMKS-RF - Dynamic/Active seat	V	V	V	V	V																												
E-CLASS	212		Seat/Door	DSP/PPAMKS - Pneumatic pump for seat	V	V	V		V																												
E-CLASS	212		Seat/Door	DS-LF/AMKS-LF - Dynamic/Active seat	V	V	V	V	V																												
E-CLASS	212		Seat/Door	DCM-RR - Door control module rear right	V	V	V	V	V																												
E-CLASS	212		Seat/Door	DCM-RL - Door control module rear left	V	V	V	V	V																												
E-CLASS	212		Seat/Door	DCM-FR - Door control module front right	V	V	V	V	V																												
E-CLASS	212		Seat/Door	DCM-FL - Door control module front left	V	V	V	V	V																												
E-CLASS	212		Air Conditioning	EKMK - Electric refrigerant compressor	V	V			V																												
E-CLASS	212		Air Conditioning	TSTH/STH - Stationary heater with remote control	V	V	V	V	V																												
E-CLASS	212		Air Conditioning	AAC - Automatic air conditioning	V	V	V	V	V	V																											
E-CLASS	213		Drive	SCR - Selective catalytic reduction	V	V	V	V	V																												
E-CLASS	213		Drive	DTR - Distronic	V	V			V																												
E-CLASS	213		Drive	FSCU/FSCU-L - Control unit Fuel pump	V	V	V	V	V																												
E-CLASS	213		Drive	HFPM - Haptic accelerator pedal module	V	V			V																												
E-CLASS	213		Drive	AMG DRIVE UNIT	V	V	V	V	V																												
E-CLASS	213		Drive	PTCU - Common powertrain controller	V	V	V	V	V																												
E-CLASS	213		Drive	ME/CDI/CNG - Engine control unit	V	V	V	V	V				V					V						V													V
E-CLASS	213		Drive	ETC - Electronic transmission control	V	V	V		V												V																
E-CLASS	213		Chassis	TPM - Tire pressure monitor	V	V			V																												
E-CLASS	213		Chassis	AIRMATIC PLUS	V	V			V																												
E-CLASS	213		Chassis	ES - Electrical power steering	V	V	V		V																												
E-CLASS	213		Chassis	Suspension	V	V			V																												
E-CLASS	213		Chassis	ABS/ESP - Electronic stability program	V	V	V	V	V							V																					
E-CLASS	213		Body	MTAS - Mobile phone cradle	V	V			V																												
E-CLASS	213		Body	AHE - Trailer recognition	V	V			V																												
E-CLASS	213		Body	SCM [MRM] - Steering column module	V	V	V	V	V																												
E-CLASS	213		Body	RevETR-RF - Right front reversible emergency tensioning retractor	V	V	V		V																												
E-CLASS	213		Body	RevETR-LF - Left front reversible emergency tensioning retractor	V	V	V		V																												
E-CLASS	213		Body	SG-LML-VR - LED matrix of right front lamp unit	V	V			V																												
E-CLASS	213		Body	SG-LML-VL - LED matrix of left front lamp unit	V	V			V																												
E-CLASS	213		Body	AB - Airbag	V	V			V																												
E-CLASS	213		Body	OCP - Overhead control panel	V	V			V																												
E-CLASS	213		Body	Multifunction control unit	V	V			V																												
E-CLASS	213		Body	KG/RFL - KEYLESS GO/Radio frequency locking/Electric central locking	V	V	V		V																												

Series	Chassis	Type1	Type2	System	DTC Analysis	DTC EraseMemory	Data Analysis	Actuation Test	ECU Information Display	A9 (Refrigerant compressor)	Acceleration of sensor rotor adaptation	Activate demo mode of exterior lights	Activate fuel pump	Activate function [Tire pressure loss warning]	Activate function tire pressure loss warning	Activate function 'Tire pressure loss warning'	Activate system SBC	Activation of fuel pump	Adaptation data clear	Adaptation data reset	Adaptation of torque converter lockup clutch	Additional battery service mode	Adjustment of headlamps via diagnosis	Adjustment of injector injection quantities	Adjustment of injector injection quantity	Adjustment of injector quantities	Adjustment on temperature of heater booster	Advance odometer	Air cushion calibration	Air filter initialization	Air filter learned values reset	Air intake turbocharging initialization	Alarm siren : Reset coding	Assignment of control modules to plug connections	ASSYST SETTING	Assyst setting adjustment	B28/2 (DPF differential pressure sensor)

M-CLASS	166		Seat/Door	ESA Driver - Electric seat adjustment Driver																																	
M-CLASS	166		Seat/Door	DS-RF/AMKS-RF - Dynamic/Active seat																																	

Series	Chassis	Type1	Type2	System	Control unit replace	Control unit reset	Correction coding : Cylinder shutoff	Correction coding : Default initialization	Correction coding : Engine or air conditioning	Correction coding : Fuel quantity	Correction coding : Idle speed with gear engaged	Correction coding : Idle speed with P/N	Correction coding : Ignition	Correction coding : Smooth engine running	Correction of elec. suction fan for engine or A/C	Correction programming of fuel quantity	Correction programming of idling specified speed	Correction programming of ignition	Cyclically alternating actuation	Day since last oil change	Days since last oil change	Deactivated system SBC	Default initialization	Denormalization	Denormalization	Denormalization of left front power window	Denormalization of left rear power window	Denormalization of rear-end door closing system	Denormalization of remote trunk closing	Denormalization of right front power window	Denormalization of right rear power window	Denormalization of trunk lid	Denormalize power window	Denormalize Power Windows	Denormalize rear left power window	Denormalize rear right power window	Denormalizing
M-CLASS	166		Seat/Door	DSP/PPAMKS - Pneumatic pump for seat																																	
M-CLASS	166		Seat/Door	DS-LF/AMKS-LF - Dynamic/Active seat																																	
M-CLASS	166		Seat/Door	DCM-RR - Door control module rear right		V																		V						V		V					
M-CLASS	166		Seat/Door	DCM-RL - Door control module rear left		V																		V		V						V					
M-CLASS	166		Seat/Door	DCM-FR - Door control module front right		V																		V					V			V					
M-CLASS	166		Seat/Door	DCM-FL - Door control module front left		V																		V	V							V					
M-CLASS	166		Air Conditioning	TSTH/STH - Stationary heater with remote control																																	
M-CLASS	166		Air Conditioning	HBF - Rear control panel																																	
M-CLASS	166		Air Conditioning	AAC - Automatic air conditioning																																	
R-CLASS	251		Drive	ME/CDI/CNG - Engine control unit			V	V	V	V	V	V	V	V	V	V	V	V				V															
R-CLASS	251		Drive	ETC - Electronic transmission control																																	
R-CLASS	251		Drive	SCR - Selective catalytic reduction																																	
R-CLASS	251		Drive	ISM - Intelligent servo module																																	
R-CLASS	251		Drive	FSCU/FSCU-L - Control unit Fuel pump																																	
R-CLASS	251		Drive	DTR - Distronic																																	
R-CLASS	251		Chassis	ABS/ESP - Electronic stability program																																	
R-CLASS	251		Chassis	Suspension																																	
R-CLASS	251		Chassis	ES - Electrical power steering																																	
R-CLASS	251		Chassis	TPM - Tire pressure monitor																																	
R-CLASS	251		Body	WSS - Weight sensing system																																	
R-CLASS	251		Body	UCP - Upper control panel																																	
R-CLASS	251		Body	System diagnosis																																	
R-CLASS	251		Body	SCM [MRM] - Steering column module																																	
R-CLASS	251		Body	SAM-R/BSN - Rear signal acquisition and actuation module/Battery sensor																																	
R-CLASS	251		Body	SAM-F/SAM-D - Signal acquisition and actuation module front/driver side																																	
R-CLASS	251		Body	RevETR-RF - Right front reversible emergency tensioning retractor																																	
R-CLASS	251		Body	RevETR-LF - Left front reversible emergency tensioning retractor																																	
R-CLASS	251		Body	OCP - Overhead control panel																																	
R-CLASS	251		Body	LCP/HBF - Lower/Rear control panel																																	
R-CLASS	251		Body	KG/RFL - KEYLESS GO/Radio frequency locking/Electric central locking																																	
R-CLASS	251		Body	Headlamp-R - Headlamp control unit																																	
R-CLASS	251		Body	Headlamp/Headlamp-L - Headlamp control unit																																	
R-CLASS	251		Body	EZS/EIS - Electronic ignition lock																																	
R-CLASS	251		Body	CGW - Central gateway																																	
R-CLASS	251		Body	AB - Airbag																																	
R-CLASS	251		Information	TV - TV tuner																																	

Series	Chassis	Type1	Type2	System	Control unit replace	Control unit reset	Correction coding : Cylinder shutoff	Correction coding : Default initialization	Correction coding : Engine or air conditioning	Correction coding : Fuel quantity	Correction coding : Idle speed with gear engaged	Correction coding : Idle speed with P/N	Correction coding : Ignition	Correction coding : Smooth engine running	Correction of elec. suction fan for engine or A/C	Correction programming of fuel quantity	Correction programming of idling specified speed	Correction programming of ignition	Cyclically alternating actuation	Day since last oil change	Days since last oil change	Deactivated system SBC	Default initialization	Denormalization	Denormalization	Denormalization of left front power window	Denormalization of left rear power window	Denormalization of rear-end door closing system	Denormalization of remote trunk closing	Denormalization of right front power window	Denormalization of right rear power window	Denormalization of trunk lid	Denormalize power window	Denormalize Power Windows	Denormalize rear left power window	Denormalize rear right power window	Denormalizing

GLK-CLASS	204		Body	OCP - Overhead control panel																																	
GLK-CLASS	204		Body	Multifunction control unit																																	
GLK-CLASS	204		Body	KG/RFL - KEYLESS GO/Radio frequency locking/Electric central locking																																	
GLK-CLASS	204		Body	Headlamp-R - Headlamp control unit																				V				V									
GLK-CLASS	204		Body	Headlamp/Headlamp-L - Headlamp control unit																				V				V									
GLK-CLASS	204		Body	EZS/EIS - Electronic ignition lock																																	
GLK-CLASS	204		Body	CGW - Central gateway																																	
GLK-CLASS	204		Body	AHE - Trailer recognition																																	
GLK-CLASS	204		Body	AB - Airbag																																	
GLK-CLASS	204		Information	Head-up display																																	
GLK-CLASS	204		Information	AVE-H - Rear audio video unit																																	
GLK-CLASS	204		Information	Drive Kit Plus - Drive kit for iPhone(R)																																	
GLK-CLASS	204		Information	ZAN - Audio/COMAND display																																	
GLK-CLASS	204		Information	TV - TV tuner																																	

Series	Chassis	Type1	Type2	System	Replace component DPF	Replace component M16/6 (Throttle valve actuator)	Replace component NOx storage catalytic converter	Replace component Y74 (Pressure control valve)	Replace control module MRM	Replace control module OBF	Replace control module TSG	Replace quantity mean value adaptation data	Reset adaptation data	Reset coding	Reset fill factor of air filter	Reset inadvertently performed oil change	Reset lambda value	Reset mistakenly confirmed overall maintenance	Reset mistakenly remainder reset	Reset odometer to 0 km	Reset of calibrations	Reset of coding	Reset of compressor operating time	Reset of operating hours counter	Reset of reading of frequency counter crash event	Reset of Shift adaptation data	Reset of T/C lockup clutch adaptation data	Reset operating hours counter	Reset production mode	Reset quantity mean value adaptation data	Reset value Offset value for steering wheel angle	Reset values for HFM drift compensation	Reset values of HFM drift compensation	Reset values of quantity mean value adaptation	Resetting adaptation value of AdBlue delivery pump	Resetting adaptation values of shift operations	Resetting air filter learn value after replacement
GLK-CLASS	204		Information	Sound generator for exhaust system																																	
GLK-CLASS	204		Information	SOUND - Sound system																																	
GLK-CLASS	204		Information	SGR - Radar sensors control unit																																	
GLK-CLASS	204		Information	360' - Camera																																	
GLK-CLASS	204		Information	MFK - Multifunction camera																																	
GLK-CLASS	204		Information	RFK - Backup camera																																	
GLK-CLASS	204		Information	PTS - Parktronic system																																	
GLK-CLASS	204		Information	NBR-RR/IRS-HRA - Right rear range radar																																	
GLK-CLASS	204		Information	NBR-RF - Right front range radar																																	
GLK-CLASS	204		Information	NBR-LR/IRS-HLA - Left rear range radar																																	
GLK-CLASS	204		Information	NBR-LF - Left front range radar																																	
GLK-CLASS	204		Information	NAV - Navigation module																																	
GLK-CLASS	204		Information	MIF/UCI - Media interface																																	
GLK-CLASS	204		Information	ICI - InCar Internet																																	
GLK-CLASS	204		Information	IC - Instrument cluster														V	V																		
GLK-CLASS	204		Information	DVD player																																	
GLK-CLASS	204		Information	DTA - Mbrace or TELEAID/GPS Box																																	
GLK-CLASS	204		Information	D-FOR - Display in right rear passenger																																	
GLK-CLASS	204		Information	D-FOL - Display in left rear passenger																																	
GLK-CLASS	204		Information	DAB/SDAR - Digital/Satellite radio																																	
GLK-CLASS	204		Information	CTEL/TEL - Cellular/Mobile telephone																																	
GLK-CLASS	204		Information	COU [ZBE] - Audio/COMAND operating unit																																	
GLK-CLASS	204		Information	AUDIO/COMAND																																	
GLK-CLASS	204		Information	AMG Performance Media																																	
GLK-CLASS	204		Seat/Door	PSD/MSC - Sliding roof control																																	
GLK-CLASS	204		Seat/Door	HKS - Tailgate control																																	
GLK-CLASS	204		Seat/Door	ESA Front passenger - Electric seat adjustment Front passenger																																	
GLK-CLASS	204		Seat/Door	ESA Driver - Electric seat adjustment Driver																																	
GLK-CLASS	204		Seat/Door	DCM-RR - Door control module rear right																																	
GLK-CLASS	204		Seat/Door	DCM-RL - Door control module rear left																																	
GLK-CLASS	204		Seat/Door	DCM-FR - Door control module front right																																	
GLK-CLASS	204		Seat/Door	DCM-FL - Door control module front left																																	
GLK-CLASS	204		Air Conditioning	TSTH/STH - Stationary heater with remote control																																	
GLK-CLASS	204		Air Conditioning	AAC - Automatic air conditioning																																	
GLC-CLASS	253		Drive	SCR - Selective catalytic reduction																														V			
GLC-CLASS	253		Drive	SG-EM - Power electronics																																	

Series	Chassis	Type1	Type2	System	Replace component DPF	Replace component M16/6 (Throttle valve actuator)	Replace component NOx storage catalytic converter	Replace component Y74 (Pressure control valve)	Replace control module MRM	Replace control module OBF	Replace control module TSG	Replace quantity mean value adaptation data	Reset adaptation data	Reset coding	Reset fill factor of air filter	Reset inadvertently performed oil change	Reset lambda value	Reset mistakenly confirmed overall maintenance	Reset mistakenly remainder reset	Reset odometer to 0 km	Reset of calibrations	Reset of coding	Reset of compressor operating time	Reset of operating hours counter	Reset of reading of frequency counter crash event	Reset of Shift adaptation data	Reset of T/C lockup clutch adaptation data	Reset operating hours counter	Reset production mode	Reset quantity mean value adaptation data	Reset value Offset value for steering wheel angle	Reset values for HFM drift compensation	Reset values of HFM drift compensation	Reset values of quantity mean value adaptation	Resetting adaptation value of AdBlue delivery pump	Resetting adaptation values of shift operations	Resetting air filter learn value after replacement
GLC-CLASS	253		Drive	FSCU/FSCU-L - Control unit Fuel pump																																	
GLC-CLASS	253		Drive	DTR - Distronic																					V												
GLC-CLASS	253		Drive	ISM - Intelligent servo module																																	
GLC-CLASS	253		Drive	PTCU - Common powertrain controller																																	
GLC-CLASS	253		Drive	ME/CDI/CNG - Engine control unit									V		V		V													V		V	V	V			V
GLC-CLASS	253		Drive	ETC - Electronic transmission control																															V		
GLC-CLASS	253		Chassis	TPM - Tire pressure monitor																																	
GLC-CLASS	253		Chassis	AIRMATIC PLUS																																	
GLC-CLASS	253		Chassis	ES - Electrical power steering										V																							
GLC-CLASS	253		Chassis	Suspension																																	
GLC-CLASS	253		Chassis	ABS/ESP - Electronic stability program																											V						
GLC-CLASS	253		Body	ATA - ATA [EDW]/tow-away/interior protection																																	
GLC-CLASS	253		Body	AHE - Trailer recognition																																	
GLC-CLASS	253		Body	SCM [MRM] - Steering column module																																	
GLC-CLASS	253		Body	RevETR-RF - Right front reversible emergency tensioning retractor																																	
GLC-CLASS	253		Body	RevETR-LF - Left front reversible emergency tensioning retractor																																	
GLC-CLASS	253		Body	AB - Airbag																																	
GLC-CLASS	253		Body	Multifunction control unit																																	
GLC-CLASS	253		Body	KG/RFL - KEYLESS GO/Radio frequency locking/Electric central locking																																	
GLC-CLASS	253		Body	Headlamp-R - Headlamp control unit																																	
GLC-CLASS	253		Body	Headlamp/Headlamp-L - Headlamp control unit																																	
GLC-CLASS	253		Body	SG-AWF - Collision prevention assist																																	
GLC-CLASS	253		Body	EZS/EIS - Electronic ignition lock																																	
GLC-CLASS	253		Body	BNS/BMS - Battery sensor																																	
GLC-CLASS	253		Body	SAM-R/BSN - Rear signal acquisition and actuation module/Battery sensor																																	
GLC-CLASS	253		Body	SAM-F/SAM-D - Signal acquisition and actuation module front/driver side																																	
GLC-CLASS	253		Seat/Door	ESA Front passenger - Electric seat adjustment Front passenger																																	
GLC-CLASS	253		Seat/Door	ESA Driver - Electric seat adjustment Driver																																	
GLC-CLASS	253		Seat/Door	PSD/MSC - Sliding roof control
